## **ANNOUNCEMENT OF PILOTAGE CHARGES REVISION**

**December 2, 2024**

Administration de pilotage  
des Laurentides    Laurentian  
Pilotage Authority

---

## **GENERAL**

Pursuant to [section 33.4 of the Pilotage Act \(R.S.C., 1985, c. P-14\)](#) (the “**Act**”), the following document provides announcement of the revision (the “**Announcement**”) of the Laurentian Pilotage Authority’s (the “**Authority**”) proposed pilotage charges which will come into effect on **February 1, 2025**, except as otherwise noted. The Authority revises and implements these pilotage charges for the reasons described in the Notice of revised pilotage charges (the “**Notice**”), published on **October 25, 2024**, and in the Details and principles – Proposed revision of pilotage charges (the “**Details and Principles**”). All other provisions with respect to pilotage charges not revised by this Announcement remain in effect.

Persons interested in making a notice of objection regarding the establishment of the Authority's pilotage charges may do so by filing an application to the Canadian Transportation Agency. The application must be filed within ninety (90) days after the published date of this Announcement, pursuant to [section 34\(1\) of the Act](#). A pilotage charge is not suspended or prevented from taking effect by reason of a notice of objection.

Pursuant to [section 34\(3\) of the Act](#), a notice of objection may be filed only if

- a) the pilotage charge was not established or revised in accordance with the charging principles referred to in [subsection 33.2\(1\) of the Act](#); or
- b) the Authority did not comply with the requirements set out in [section 33.3 or 33.4 of the Act](#).

Pursuant to [section 33.4\(2\)](#) of the *Act*, this Announcement provides a summary of the written representations received under [paragraph 33.3\(2\)\(b\)](#) of the Act and the Authority’s analysis of the issues and concerns brought to its attention, including how it considered those issues and concerns in its decision.

**This Announcement consists of two sections:**

1. [Summary of the written representations received under paragraph 33.3\(2\)\(b\) of the Act and the Authority’s analysis](#)
2. [Revision of pilotage charges rates](#)

## **1. SUMMARY OF THE WRITTEN REPRESENTATIONS RECEIVED UNDER PARAGRAPH 33.3(2)(b) OF THE ACT AND THE AUTHORITY'S ANALYSIS**

The Authority received written comments on the Notice and the Details and Principles relating to the proposed pilotage charges from one stakeholder, the Shipping Federation of Canada (“**ShipFed**”). The Authority has reviewed and analyzed these comments, and provides below the rationale for its decision.

### Financial Reserves

ShipFed raised concerns regarding the planned increase to the Authority's financial reserves. The Authority has indeed opted for a strategy of progressive replenishment of its cash position to enable it to provide funding for the renewal of its long-term assets, the establishment of its sustainable development strategy, and a degree of contingency in the event various risks impacting the marine industry materialize. In this respect, recent years have highlighted the critical need for sufficient reserves to address unforeseen circumstances, such as fluctuating traffic volumes and economic uncertainties.

### Capital Expenditures

ShipFed also expressed concerns about the planned \$800,000 in capital expenditures for 2025. These investments are focused on maintaining the operational integrity of pilotage services and enhancing technological infrastructure, and reflect necessary incremental upgrades to support long-term efficiency and regulatory compliance.

### Simulator Services and Optimized Pilotage

ShipFed raised concerns regarding investments in simulator services and optimized pilotage initiatives. The simulator is designed to enhance the training of marine personnel and support the analysis of factors affecting navigation safety. The Authority recognizes the importance of demonstrating tangible benefits from this initiative and will continue to communicate its value to industry stakeholders. Regarding the optimized pilotage software, its development is aimed at reducing transit times, fuel consumption, and costs for industry stakeholders, aligning with long-term efficiency goals.

### Administration Fee

ShipFed commented on the Administration Fee imposed by Transport Canada. This fee is imposed under section 37.1 of the Act to cover Transport Canada's costs of administering and enforcing the Act. The Authority notes that this fee is a flow-through cost and does not contribute to the Authority's operational funding.

## Conclusion

The Authority has reviewed and considered all comments received and has concluded that the proposed charges are consistent with its clear charging methodology which is within the requirements and parameters of the Act.

Accordingly, the Authority has decided to maintain the revision of its pilotage charges as published in the Notice and the Details and Principles.

## **2. REVISION OF PILOTAGE CHARGES RATES**

The chart below describes the revised pilotage charges effective **February 1, 2025**. These increases are consistent with the revision set out in this Announcement and are intended to allow the Authority to finance its operations, carry out the projects contained in the capital program, meet its contractual obligations and ensure the sustainability of the infrastructure, all of which are more fully explained in the Details and Principles.

## **Pilotage Charges Generally**

- 2. (1)** A pilotage charge payable to the Authority for a pilotage service set out in column 1 of the [Pilotage charges' chart](#) that is provided in a district set out in column 2 of that chart is calculated based on the information provided on the pilotage service form under [section 7\(1\)](#) and is equal to the sum of the following:
- a)** the basic charge set out in column 3,
  - b)** the charge per unit set out in column 4,
  - c)** the charge per time factor set out in column 5, and
  - d)** the number of chargeable hours of service multiplied by the charge per hour or part of an hour set out in column 6.
- (2)** The pilotage charge is subject to the minimum charge set out in column 7 of [Pilotage charges' chart](#) and the maximum charge in column 8.
- (3)** Subject to subsections [\(4\)](#) to [\(6\)](#) and [section 4](#), a pilotage charge is multiplied by the number of pilots assigned to perform the pilotage service.
- (4)** A pilotage charge is determined on the basis of the services of a single pilot in respect of the following pilotage services:
- a)** an anchoring;
  - b)** a movage;
  - c)** a docking;
  - d)** an undocking; and
  - e)** a compass adjustment.
- (5)** A pilotage charge is determined on the basis of the services of a single pilot if a second pilot is assigned for the sole purpose of responding to one of the following circumstances:
- a)** it is likely that, between the time the pilots embark and the time they disembark, the ship will be underway in District No. 1 for more than either 10 consecutive hours for trips starting between 05:00 and 19:59, or 8 consecutive hours for trips starting between 20:00 and 04:59;
  - b)** it is likely that the ship will be underway for more than 11 consecutive hours in District No. 2; and
  - c)** the ship is underway in winter navigation conditions at any time during the period that starts on March 16 and ends on December 31.

- (6) A pilotage charge is determined on the basis of the services of a single pilot if
- a) a second pilot is assigned for the sole reason that the ship will likely be underway for more than 10 consecutive hours in District No. 2; and
  - b) the second pilot is assigned to board the ship at any time during the period that starts at 19:00 and ends at 00:59.

2.1. A charge is payable for each pilot assignment for the administration of the Act.

3. A pilotage charge is adjusted in accordance with [section 7 \(3\)](#) if there is a discrepancy between the information provided on a pilotage service form and the information contained in the documents listed in that section.

#### **Pilotage Charges for Towing and Pushing Operations**

4. (1) In the event that a tug pulls or pushes one or more barges attached in a non-fixed manner, pilotage charges are payable, on the one hand, for the tug which is under the control of a pilot according to its own units and its time factor or the minimum according to this [Pilotage charges' chart](#), and, on the other hand, for each barge pulled or pushed according to its units and time factor or the minimum according to the [Pilotage charges' chart](#), regardless of the number of pilots assigned to the towing operation.

- a) However, the deduction is applicable for each pilot;
- b) Docking and mooring fees are applicable to the barge. These fees apply to the tug if it is individually subject to compulsory pilotage.
- c) In the case of a displacement, the charges payable are the greater of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the sum of the units of the tug (s) and of the (s) barges

(2) In the case of a towing operation where a tug is pushing a barge, and which is coupled for the duration of the trip in a fixed manner to the rear of the barge in composite unit, as if it were a single vessel, pilotage charges are payable for all units considering the length of the tug and barge coupled, the maximum width and the strongest hollow and a single time factor according to the strongest draft water or the minimum according to the [Pilotage charges' chart](#).

- a) However, the deduction is applicable to a single pilot;
- b) Mooring charges are applicable using a single base amount and units considering the length of the tug and barge mated, the maximum width and the strongest hollow;
- c) Docking fees are applicable only once to the whole unit;

- d) In the case of a displacement, the charges payable are the highest of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the units considering the length of the tug and barge coupled, the maximum width and the strongest hollow.
- (3) In the case of a towing operation where one or more tugs pull or push one or more dead vessels, pilotage charges are payable, on the one hand, for each tug under the pilot's control according to their own units and their time factor or the minimum according to the [Pilotage charges' chart](#), and, on the other hand, for each vessel pulled or pushed according to their respective units and time factor or the minimum according to the [Pilotage charges' chart](#).
- a) However, the deduction is applicable for each pilot;
  - b) Docking and anchoring costs are applicable to the dead vessel. These charges apply to the tug if it is individually subject to compulsory pilotage;
  - c) In the case of a displacement, the charges payable are the highest of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the sum of the tug units.

#### **Pilotage Charges for Travel and other Expenses**

5. (1) A pilotage charge is payable if a pilot is required to embark on or disembark from a ship at a place other than a pilot boarding station but within the compulsory pilotage area.
- (2) Reasonable travel and other expenses incurred by a pilot in boarding or disembarking a ship outside the compulsory area are payable as pilotage charges in addition to the pilotage charges set out in the [Pilotage charges' chart](#) in section 5(2).

#### **Pilotage Charges – Pilot transfer fees**

6. When providing a pilot transfer service serving to embark or disembark a pilot including at a pilot boarding station, a pilotage charge in an amount equal to the cost incurred by the Authority in providing the service is payable.

#### **Pleasure Craft Under Eight Units**

- 6.1. Except for those fixed under [section 6](#), the pilotage charges payable for services rendered to a pleasure craft under eight units are reduced by 15%.

### **Pilotage Service Form**

7. (1) With the assistance of the master or the deck watch officer of the ship, the pilot must complete the pilotage service form provided by the Authority.
- (2) The pilot must then submit the pilotage service form to the Authority as soon as possible.
- (3) If a discrepancy occurs between the information provided on the pilotage service form and the information contained in the following documents, the particulars of a ship are those contained, in order of priority, in
- a) the official papers of the ship;
  - b) the Register of Ships published by Lloyd's Register of Shipping; or
  - c) a publication by any classification society other than Lloyd's Register of Shipping.

### **Trip Rules**

8. (1) Subject to [subsection \(3\)](#), a trip begins from the time that a ship is underway and one of the following events occurs:
- a) the ship enters the region of the Authority after the pilot has embarked;
  - b) the ship leaves a berth in a harbour or leaves a place within the region of the Authority after the pilot has embarked at the harbour or place, except if the ship is in transit and there is a change of pilot at Trois-Rivières, Sorel-Tracy or Montreal;
  - c) a pilot embarks to replace a pilot who has performed a moveage;
  - d) a pilot embarks to replace a pilot who has performed an undocking as a result of a request by a master, owner or agent of the ship for a pilot designated by the Corporation to perform an undocking;
  - e) the ship leaves a wharf or pier to which it was secured in a harbour, or another ship to which it was secured, after the pilot referred to in paragraph (a) or (b) has embarked; or
  - f) the ship weighs anchor after having used Saguenay (La Baie, Quai Lepage and Port-Alfred) as a port of call, in the case of a passenger ship.

- 
- (2)** Subject to [subsection \(3\)](#), a trip ends when one of the following events occurs:
- a)** the ship enters Saint-Lambert Lock;
  - b)** the ship leaves the region of the Authority;
  - c)** the pilot referred to in paragraph (1)(a), (b), (c) or (d) leaves the ship, except if the ship is in transit and there is a change of pilot at Trois-Rivières, Sorel-Tracy or Montréal;
  - d)** a pilot embarks the ship to perform a docking as a result of a request by a master, owner or agent of the ship for a pilot designated by the Corporation to perform the docking;
  - e)** the ship is secured at a wharf or pier in a harbour, unless the ship is secured at the wait wall at Saint-Lambert Lock;
  - f)** the ship is secured to another ship;
  - g)** the ship is anchored or is unable to move on account of ice while waiting for a berth within the limits of a harbour if the ship is later moved within the limits of the same harbour; or
  - h)** the ship uses Saguenay (La Baie, Quai Lepage and Port-Alfred) as a port of call, in the case of a passenger ship.
- (3)** A change of pilots at Trois-Rivières, or the anchoring or securing of the ship, on the pilot's advice, at a wharf or pier at Trois-Rivières owing to navigational restrictions, does not have the effect of beginning or ending a trip.

### **Detention Rules**

- 9. (1)** For the purposes of determining if a pilotage charge for the detention of a pilot is payable, a pilot is detained if:
- a)** the pilot whose services have been requested reports to the pilot boarding station and is detained there or on the ship; or
    - i.** at a berth prior to the commencement of the trip or moorage;
    - ii.** at a berth within the limits of the harbour and is subsequently moved within the limits of the same harbour;
    - iii.** at a berth after the trip or moorage has been completed and until disembarkation.
  - b)** the pilot is detained in transit when after having been under way a ship berths, anchors or makes a mandatory stop.

(2) However, when the pilot is detained for more than one hour, the charges set out in section 9 of the [Pilotage charges' chart](#) for each subsequent hour are the same as the first hour if the detention is caused by a docking, an anchoring, ice conditions that force the ship to stop, weather conditions, a change in the expected time of arrival of the ship, delays associated with pilot boat services, the delay of a replacement pilot, a shortage of pilots, delays at wharf or at anchor as a result of maritime traffic management by the competent authorities, or the grounding of the ship.

### **Cancellation**

10. (1) A charge for a cancellation of pilotage services shall be made whenever the services requested are cancelled after the pilot(s) have been assigned to the vessel, whether or not the pilot(s) are on board the vessel.

(2) If the pilot(s) have been on board the vessel at the time of cancellation of services, the first hour after cancellation is free of charge. From the second and subsequent hours onward, charges are provided for in section 10 of the [Pilotage charges' chart](#).

(3) Where the pilot has boarded the ship prior to the cancellation, the exceptions in section 9(2) that apply to extensions of a pilot's stay on board a ship apply, with the necessary modifications
