
ANNOUNCEMENT OF PILOTAGE CHARGES REVISION

December 8, 2021

Administration de pilotage des Laurentides
Laurentian Pilotage Authority

GENERAL

Pursuant to [section 33.4 of the Pilotage Act \(R.S.C., 1985, c. P-14\)](#) (the “**Act**”), the following document provides announcement of the revision (the “**Announcement**”) of the Laurentian Pilotage Authority’s (the “**Authority**”) proposed pilotage charges which will come into effect on **February 7, 2022**, except as otherwise noted. The Authority revises and implements these pilotage charges for the reasons described in the Notice of revised pilotage charges (the “**Notice**”), published on **November 5, 2021**, and in the Details and principles – Proposed revision of pilotage charges (the “**Details and Principles**”). All other provisions with respect to pilotage charges not revised by this Announcement remain in effect.

Persons interested in making a notice of objection regarding the establishment of the Authority's pilotage charges may do so by filing an application to the Canadian Transportation Agency. The application must be filed within ninety (90) days after the published date of this Announcement, pursuant to [section 34\(1\) of the Act](#). A pilotage charge is not suspended or prevented from taking effect by reason of a notice of objection.

Pursuant to [section 34\(3\) of the Act](#), a notice of objection may be filed only if

- a) the pilotage charge was not established or revised in accordance with the charging principles referred to in [subsection 33.2\(1\) of the Act](#); or
- b) the Authority did not comply with the requirements set out in [section 33.3 or 33.4 of the Act](#).

Pursuant to [section 33.4\(2\)](#) of the *Act*, this Announcement provides a summary of the written representations received under [paragraph 33.3\(2\)\(b\)](#) of the *Act* and the Authority’s analysis of the issues and concerns brought to its attention, including how it considered those issues and concerns in its decision.

This Announcement consists of two sections:

1. [Summary of the written representations received under paragraph 33.3\(2\)\(b\) of the Act and the Authority’s analysis](#)
2. [Revision of pilotage charges rates](#)

1. SUMMARY OF THE WRITTEN REPRESENTATIONS RECEIVED UNDER PARAGRAPH 33.3(2)(b) OF THE ACT AND THE AUTHORITY'S ANALYSIS

The Authority received written representations on the Notice and the Details and Principles relating to the charges proposal from one stakeholder, the Shipping Federation of Canada (the "ShipFed"). The comments received by this association are essentially the same as those made during the pre-consultation meetings. Now that the period for written comments has ended, the Authority has reviewed and considered all of the written representations received, has proceeded to their analysis and has set out below the reasons for its decision.

With respect to the comments regarding the administration fee under the *Act*, it is important to note that this fee is established by the Minister of Transport under [section 37.1 of the Act](#). Moreover, the charge to recover this fee does not generate any profit margin for the Authority nor has the transfer of certain responsibilities to Transport Canada resulted in cost savings for the Authority.

The ShipFed also raised concerns about the viability of the Authority's pilot boat project. This project is considered to be of primary importance to the Authority as it relates to the reliability of its pilot boat services, the safety of the pilots and the efficiency of the service for years to come. The Authority is analyzing different scenarios, including the acquisition of pilot boats that will take into account the results of the tendering processes launched in November 2021 in order to make a decision in 2022 consistent with its mandate under the *Act*.

Finally, with respect to the observations concerning the improvement of services, concrete actions and projects aimed at offering added value services to the industry have been put forward by the Authority. These include the Optimized Pilotage Services project and the use of the Authority's simulator to develop best practices and improve safety and efficiency of ship transits under the conduct of a pilot.

The Authority has reviewed and considered all of the written submissions received and has concluded that the proposed charges are consistent with its clear charging methodology which is within the requirements and parameters of the *Act*.

Accordingly, the Authority has decided to maintain the revision of its pilotage charges as published in the Notice and the Details and Principles.

2. REVISION OF PILOTAGE CHARGES RATES

The chart herein below describes the revised pilotage charges effective **February 7, 2022**. These increases are consistent with the revision set out in this Announcement and are intended to allow the Authority to finance its operations, carry out the projects contained in the capital program, meet its contractual obligations and ensure the sustainability of the infrastructure, all of which are more fully explained in the Details and Principles.

Pilotage Charges Generally

2. **(1)** A pilotage charge payable to the Authority for a pilotage service set out in column 1 of the [Pilotage charges' chart](#) that is provided in a district set out in column 2 of that chart is calculated based on the information provided on the pilotage service form under [subsection 7\(1\)](#) and is equal to the sum of the following:
 - a) the basic charge set out in column 3,
 - b) the charge per unit set out in column 4,
 - c) the charge per time factor set out in column 5, and
 - d) the number of chargeable hours of service multiplied by the charge per hour or part of an hour set out in column 6.
- (2)** The pilotage charge is subject to the minimum charge set out in column 7 of [Pilotage charges' chart](#) and the maximum charge in column 8.

- (3)** Subject to subsections [\(4\)](#) to [\(6\)](#) and [section 4](#), a pilotage charge is multiplied by the number of pilots assigned to perform the pilotage service.
- (4)** A pilotage charge is determined on the basis of the services of a single pilot in respect of the following pilotage services:
- a)** an anchoring;
 - b)** a movage;
 - c)** a docking;
 - d)** an undocking; and
 - e)** a compass adjustment.
- (5)** A pilotage charge is determined on the basis of the services of a single pilot if a second pilot is assigned for the sole purpose of responding to one of the following circumstances:
- a)** it is likely that, between the time the pilots embark and the time they disembark, the ship will be underway in District No. 1 for more than either 10 consecutive hours for trips starting between 05:00 and 19:59, or 8 consecutive hours for trips starting between 20:00 and 04:59;
 - b)** it is likely that the ship will be underway for more than 11 consecutive hours in District No. 2; and
 - c)** the ship is underway in winter navigation conditions at any time during the period that starts on March 16 and ends on December 31.
- (6)** A pilotage charge is determined on the basis of the services of a single pilot if
- a)** a second pilot is assigned for the sole reason that the ship will likely be underway for more than 10 consecutive hours in District No. 2; and
 - b)** the second pilot is assigned to board the ship at any time during the period that starts at 19:00 and ends at 00:59.
- 2.1.** A charge of \$38.39 is payable for each pilot assignment for the administration of the *Act*.
- 3.** A pilotage charge is adjusted in accordance with [subsection 7 \(3\)](#) if there is a discrepancy between the information provided on a pilotage service form and the information contained in the documents listed in that subsection.

Pilotage Charges for Towing and Pushing Operations

4. (1) In the event that a tug pulls or pushes one or more barges attached in a non-fixed manner, pilotage charges are payable, on the one hand, for the tug which is under the control of a pilot according to its own units and its time factor or the minimum according to this [Pilotage charges' chart](#), and, on the other hand, for each barge pulled or pushed according to its units and time factor or the minimum according to the [Pilotage charges' chart](#), regardless of the number of pilots assigned to the towing operation.
- a) However, the deduction is applicable for each pilot;
 - b) Docking and mooring fees are applicable to the barge. These fees apply to the tug if it is individually subject to compulsory pilotage.
 - c) In the case of a displacement, the charges payable are the greater of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the sum of the units of the tug (s) and of the (s) barges
- (2) In the case of a towing operation where a tug is pushing a barge, and which is coupled for the duration of the trip in a fixed manner to the rear of the barge in composite unit, as if it were a single vessel, pilotage charges are payable for all units considering the length of the tug and barge coupled, the maximum width and the strongest hollow and a single time factor according to the strongest draft water or the minimum according to the [Pilotage charges' chart](#).
- a) However, the deduction is applicable to a single pilot;
 - b) Mooring charges are applicable using a single base amount and units considering the length of the tug and barge mated, the maximum width and the strongest hollow;
 - c) Docking fees are applicable only once to the whole unit;
 - d) In the case of a displacement, the charges payable are the highest of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the units considering the length of the tug and barge coupled, the maximum width and the strongest hollow.
- (3) In the case of a towing operation where one or more tugs pull or push one or more dead vessels, pilotage charges are payable, on the one hand, for each tug under the pilot's control according to their own units and their time factor or the minimum according to the [Pilotage charges' chart](#), and, on the other hand, for each vessel pulled or pushed according to their respective units and time factor or the minimum according to the [Pilotage charges' chart](#).
- a) However, the deduction is applicable for each pilot;
 - b) Docking and anchoring costs are applicable to the dead vessel. These charges apply to the tug if it is individually subject to compulsory pilotage;
 - c) In the case of a displacement, the charges payable are the highest of the amount provided for in the [Pilotage charges' chart](#) using a single base amount and the sum of the tug units.

Pilotage Charges for Travel and other Expenses

- (2) If a pilot is required to embark on or disembark from a ship outside the compulsory pilotage area, travel and other expenses reasonably incurred by the pilot are payable as a pilotage charge.

Pilotage Charges – Transshipment fees

6. When providing a transshipment service serving to embark or disembark a pilot including at a pilot boarding station, a pilotage charge in an amount equal to the cost incurred by the Authority in providing the service is payable.

- 6.1. Except for those fixed under [section 6](#), the pilotage charges payable for services rendered to a pleasure craft under eight units are reduced by 15%.

Pilotage Service Form

7. (1) With the assistance of the master or the deck watch officer of the ship, the pilot must complete the pilotage service form provided by the Authority.
- (2) The pilot must then submit the pilotage service form to the Authority as soon as possible.

- a) the ship enters the region of the Authority after the pilot has embarked;
 - b) the ship leaves a berth in a harbour or leaves a place within the region of the Authority after the pilot has embarked at the harbour or place, except if the ship is in transit and there is a change of pilot at Trois-Rivières, Sorel-Tracy or Montreal;

- (3) A change of pilots at Trois-Rivières, or the anchoring or securing of the ship, on the pilot's advice, at a wharf or pier at Trois-Rivières owing to navigational restrictions, does not have the effect of beginning or ending a trip.

Detention Rules

9. (1) For the purposes of determining if a pilotage charge for the detention of a pilot, as described in [item 6 of the Pilotage charges' chart](#), is payable, a pilot is detained if
- a) the pilot whose services have been requested reports to the pilot boarding station and is detained there; or
